Team Florida –

Thank You. Thank you for all you have done for the people of Florida as they are recovering from Hurricane Helene, the long track tornadoes before Hurricane Milton hit, Hurricane Milton and now flooding. We have a lot of Red Cross workers on the ground. I can tell you that there is need on the ground and each day we get more and more organized and get more and more missions out.

FLOCOM is the Florida Command that is covering Hurricane Helene and Hurricane Milton and all the impacts (tornadoes and flooding). We are currently sheltering and feeding at our shelters and in the community. We have begun DDAO – Detailed Damage Assessment Observe. DDAO was started in the Hurricane Helene response and is a game changer – it is an opportunity to engage EBVs and the current workforce to support DA. Richard Goldfarb, AD/Planning, will be providing additional information and please watch the IAP for training opportunities.

Florida has been through three major hurricanes in the last three months. Our job is to provide HOPE. Our job is to provide KINDNESS to our workforce, our community and government partners and the survivors.

Thank you. Each of you is making a difference every single day.

Never underestimate the power of the Red Cross!

HELPFUL TIPS: The Planning cycle starts at noon. Therefore, all our requests need to be validated and submitted before noon. For example: submitting a Feeding mission after 11:00 a.m. may result in a delay of up to 48 hours prior to fulfillment. Not always, but it can stress our planning & execution system. Review your COMMENTS to make sure the details, restrictions and added instructions are consistent and very clear. Please explain your request in the "Summary of Relevant Details" field as you would explain it to a 3-year-old.

WELCOME:

Welcome to DRO 220-25. The **DR 220-25 Orientation (FLOCOM)** has been [uploaded to YouTube](#), try this link if haven't attended our Orientation in person.

LODGING REQUESTS (Must be submitted by 12:00pm NOON)

Staff Services Lodging must process all lodging requests. Staff Services will ensure that all responders who need lodging will have it.

- To make Staff Services Lodging aware of a change in lodging location, supervisors and above should submit a lodging request change using the following DRO Lodging Request Form.
- If an urgent lodging change is required, please directly call the 24-hour Staff Lodging number, after hours that number is for emergencies only.

Supervisors of responders who need their lodging changed, please fill out the form. To help the Staff Services Lodging Team understand the context of the request or if there are unusual requirements, liberally use the Notes field (item 4). Tell the responder(s) to check out of the current hotel by 11 am (except for persons working a night shift). Requests submitted after 12 pm for same-day lodging changes might not be fulfilled.
